IDENTIFICATION TO THE SUBSTANCE(S) AND COMPOSITION

Product Name	WATERSTONE POLISHED PLASTER – COLOUR RANGE		
Product Use	Applied by trowel as a decorative plaster finish.		
Ingredients	Name	CAS Number	Proportion w/w
	Water	7732 – 18 – 5	30 – 60%
	Calcium Hydroxide	1305 – 62 – 0	10 – 30%
	Calcium Carbonate	471 – 31 – 1	10 – 30%
	Additives (Non-Hazardous)	Not Known	10 – 30%

HAZARD IDENTIFICATION

The product is a Hazardous Substance and Non – Dangerous Goods in accordance to NOHSC

Chronic

Acute	Risk		There are no assigned risk phrases in this product.
Skin	Risk	38	Irritating to the skin.
Inhalation	Risk		There are no assigned risk phrases in this product.
Ingestion	Risk		There are no assigned risk phrases in this product.
Eyes	Risk	41	Risk of serious damage to eyes.

Safety Phrases 24/25,36/37/39 Further description, refer to page 4.

ADG Deemed as a No Dangerous Goods in accordance

Classification “Australian Dangerous Goods Code”

SUSDP Not Classified as a Schedule Poison in accordance with the current edition of

Classification “Standard for the Uniform Scheduling of Drugs and Poisons”

FIRST AID MEASURES

Inhalation	Remove the victim to the fresh air. Keep the victim warm and quiet until all symptoms subside.
Ingestion	if swallowed and only if the person is conscious, give plenty of water to drink. Do NOT induce vomiting.
Eyes	If splashed into eyes, hold eyes open, irrigate copiously with clean water for at least 15 minutes. Seek immediate medical attention if any irritation occurs.
Skin	Since the product is water – based, wash skin thoroughly with plenty of water.
First Aid Facilities	Clean Water Supply, emergency showers and eye wash stations.
Advice to Doctor	If poisoning occurs, consult with the Poisons Information Centre (Telephone 13 11 26). Have a copy of this material safety data sheet or label available. Treat symptomatically.

Material Safety Data Sheet

FIRE FIGHTING MEASURES

Extinguishing	Not required since the product will not burn if involved in a fire.
Media and Requirements	Not required.
Fire Fighting Procedures & Precautions	
Flammability	Non – Flammable Liquid.
Hazardous	Not known.
Decomposition Products	

ACCIDENTAL RELEASED MEASUREMENTS

Spills and Leaks	Wash all spills and leaks with excess water.
Disposal	Residues can be washed away with water, since the product is non – hazardous to the environment.
Other Precautions	Not required.

HANDLING AND STORAGE

Handling	Keep out of reach of children. After use before eating, drinking or smoking wash all exposed skin with soap and water.
Storage	Containers must be clearly labelling, rigid and strong. No Special storage requirements are necessary.

EXPOSURE CONTROLS

Exposure Standards MAK	Not required.
Engineering Controls	When applying the product, ensure there is adequate ventilation during the application period.

PERSONAL PROTECTION

Inhalation AS–NZS 1715/16	Since the product is low inhalation risk, no respirator is required.
Eye AS–NZS 1337	The wearing of safety glasses fitted with side shields is recommended during the application period. Do not wear contact lenses.
Gloves AS– NZS 2161	The wearing of Viton or PVC gloves is recommended during the application period.
Footwear AS– NZS 2210	The wearing of enclosed footwear is recommended during the application period.
Clothing AS– NZS 2919	The wearing of coveralls is recommended during the application period.
Hearing AS– NZS 1270	No required.
Other Requirements	Avoid contact with eyes and skin. It is recommended to wear the Personal Protective Equipment as described.

Material Safety Data Sheet

PHYSICAL – CHEMICAL PROPERTIES

Appearance	Off – White heavy bodied paste.
pH	10 – 11
Vapour Pressure (Butyl Acetate = 1)	Less than 1.
Boiling Point °C	100 °C (literature value)
Density	1.5 (calculated)
Solubility in water	Miscible
Flash Point °C	Not required.
Flammability Limits	Not required.
Auto Ignition °C	Not required.
Volatile Components	Water

STABILITY AND REACTIVITY

Chemical Stability	Keep out of reach of children. After use before eating, drinking or smoking
Conditions to avoid	No required.
Incompatible materials	Avoid all contact with acids.
Hazardous decomposition products	Not Required.
Hazardous Reactions	Stable.

TOXICOLOGICAL INFORMATION

Inhalation	No data available.
Skin	No data available.
Ingestion	No data available.
Eyes	No data available.
Sensitization	No data available.
Health Effects	No data available.

ECOLOGICAL INFORMATION

Environment	No data available, since the product is non – hazardous to the environment.
--------------------	---

DISPOSAL CONSIDERATIONS

Wash away residues with excess water. Do not incinerate empty containers after use. Dampen all unwanted cloths and rags in water prior to disposal. Do not recycle contents or spent containers. Crush all small empty containers.

Material Safety Data Sheet

TRANSPORT INFORMATION

UN Number	Not required		
Proper Shipping Name	Not required		
Class	Not required	Subsidiary Risk	Not required
Packing Group	Not required		
Emergency Procedures	3999	Initial Emergency Response Guide	Not required
HAZCHEM	Not required		
IMDG			

REGULATORY INFORMATION

Risk Phrases R	41	Risk of serious damage to eyes.
Safety Phrases S	24/25 36/37/39	Avoid contact with skin and eyes. Wear recommended Personal Protective Equipment – protective clothing, gloves, boots and eye protection.
SUSDP Classification	Not Classified as a Schedule Poison.
